MAIL SERVICE DELAYED.

Order of Post-Office Department Becomes Effective at Bristol.

[Special to The Times-Dispatch.]

Bristol, Va., February 12.—The order of the Post-Office Department, to take of the slack" out of the railway mail service, which went into effect between Bristol and Chattanooga to-day, resulted in an order to cut out here the postal car on the Washington-Chattanooga fast train. This was done, and the train proceeded without a mail car, and the only mail carried was that in through pouches, which was dumped into the baggage car. All the mail of Bristol, including that in the boxes at the denot and that carried to the train from hotels and business houses, was "salted down" on the depot platform, where it was held five and a half hours until the next train. All East Tennessee points were similarly affected.

The business community is wrought up over the affair, and if not corrected mail service between the East and South will be seriously affected.
